

WORKSHOPS

Understanding Digital Records Preservation Initiatives

OBJECTIVES

The workshop aims to use the module, “Understanding Digital Records Preservation Initiatives,” that was developed by IRMT and ICA to discuss concepts and terminology for digital records preservation and provide an overview of relevant initiatives. People who attend the workshop will have a sense of what is happening in the digital preservation pertaining to records and have an idea of the kind of initiatives they might be interested in tracking.

TEACHERS

Nancy McGovern, Archivist

James Lowry, [Records Manager] [tentative]

Support from members of the Expert Group on Digital Records
